Comprehension

Read the following passage, then answer the questions:

With the development of modern civilisation, life has become more and more **complicated**. As a result, the car, which was once considered a luxury, is now looked upon as a necessity. Doctors, engineers and businessmen cannot work without private cars. Moreover, the rapid growth of population in capitals and main cities has actually made the joy of possessing a car much less.

Besides the problems of keeping a car in good condition and the lack of garages, there is the big problem of crowded streets. Most people insist on having a private car to avoid the long wait at a bus stop. To get on or off the bus is a hard struggle. Going to places by taxi does not solve the problem as taxi drivers take passengers according to rules they set. They sometimes ask for more money than **they** deserve.

Cars could be a source of trouble. Many people have to leave their cars in the streets because garages are expensive and crowded. This exposes them to rusting or robbery. In rush hours streets are so blocked that it takes a driver age to get to his destination.

Choose the correct answer from a, b, c or d:

My hobby is reading. I read story books, magazines, newspapers and any kind of material that I find interesting. This hobby got started when I was a little boy. I had always wanted my parents to read fairy tales and other stories to me. Soon they got fed up and tired of having to read to me continually. So as soon as I could, I learned to read. I started with simple ABC books. Soon I could read simple fairy tales and other stories. Now I read just about anything that is available. Reading enables me to learn about so many things that I would otherwise not know. I learned about how people lived in **bygone** days of magic and mystery. I learned about the wonders of the world, space travel, human achievements, gigantic whales, tiny viruses and other fascinating things about our world.

The wonderful thing about reading is that I do not have to learn things the hard way. For example, I do not have to catch a disease to know that it can kill me. I know the danger so I can avoid it. Also, I do not have to go deep into the jungle to learn about the tiger. I can read all about it in a book. Books provide the reader with so much information and facts. They have certainly helped me in my daily life. I am better equipped to cope with living. Otherwise, I would go about ignorantly learning things the hard way. So, I continue to read. Besides being more informed about the world, I also spend my time profitably. It is indeed a good hobby.
